

Implementation Guide

This document outlines the resources available from United Heartland’s WalkSafe campaign. It is intended to be used as a tool for communicating and planning for each topic area, including who in your organization is responsible for distributing the resources listed. It is meant to provide management and safety teams with a starting point. There may be other resources and activities you will want to add to customize your plans and we encourage you to do so. Information about each of these topics is available at UnitedHeartland.com/walksafe.
