- **Corporate Medical Director** – Our in-house medical director provides guidance and strategic direction on a wide range of medical management and cost containment initiatives, with a special focus on improving the quality of care for injured workers.
- **TeleCompCare®** – This 24/7 nurse triage hotline provides injured workers with access to quick medical assessments, referral to medical care when appropriate and a convenient option to connect with an occupational physician via live video conference.
- **Pharmacist** – Our staff pharmacist works closely with our claims team to recommend changes to medications and identifies inappropriate dispensing to help avoid opioid addiction and prolonged recovery times.
- **Investigative Services Unit** – With billions of dollars lost in the industry each year to insurance fraud, our team of former law enforcement professionals partner with our claims team to investigate and expose potential fraud.
- **Premium Audit** – Our auditors are the best in the business, working with customers to verify payroll and class codes to ensure accurate premiums.
- **Claim Handlers** – Seasoned claim professionals located in the field who understand their local legal and medical environment – and can guide the injured worker through the recovery process.
